## **Professional Experience**

**Yale-New Haven Hospital/Yale School of Medicine, Resident Psychiatrist**, New Haven, CT 2019 – Present

- Defines and documents patients' clinical problems and reaches proper diagnoses; plans and executes therapy in a timely manner; keeps records of care; provides consultation and teaching to students.
- Performs evaluations, crisis intervention, individual, group, family therapy and/or medication management as needed to meet the needs of client population and the clinic.
- Participates in hospital coverage, including rounds; weekday and weekend on-call rotations.

**Harvard College, Cabot House, Resident Tutor**, Cambridge, MA 2017 – 2018

- Provided timely, informed, and appropriate academic and other advising to undergraduates.
- Offered guidance for all aspects of the medical school application process for over 200 undergraduates and alumni, including information on coursework, obtaining clinical experience, taking the MCAT, letters of recommendation, preparing the application, and practicing for interviews.
- Wrote comprehensive narrative evaluations for current students and alumni applying to medical and dental schools.

**National Heart Lung and Blood Institute, Post-Baccalaureate Fellow**, Bethesda, MD 2013 – 2014

- Implemented appropriate methodologic procedures for statistical analysis, overall descriptive statistics, exploratory data analyses, including graphs, schematic summaries, and necessary transformations and confirmatory data analyses, including statistical tests and/or modeling. Prepared written reports of statistical analyses for publication.
- Developed, implemented and evaluated efforts to build capacity for community-based participatory research among local community-based organizations, and lay community members.
